REPORT on Visit of Team IIC-GPK at Incubation Centres:

Objectives:

To understand the working mechanism of start-ups & Incubation center support.

Date: 30/11/2022

Location: i-Hub under Education Department, Govt. of Gujarat and
GUSEC (Gujarat University Startup and Entrepreneurship Council)

Description:

Our 111 students with 04 Faculty members of SSIP / IIC Government Polytechnic Kheda visited the incubation centres at i-HUB and GUSEC on 30th November 2022. The visit was organized as a part of a learning experience for all students and also to acquaint the team members with the functioning of start-up activities.

The team visited the i-HUB campus located in the Navrangpura area of Ahmedabad. The i-HUB is one of the few incubation centres providing 360-degree support to budding start-ups i.e. mentoring, ideation, PoC, prototyping, IP protection, start-up registration, applying and managing of funds etc. The students and faculties members were briefed about the founding history of i-HUB, role, functions & facilities provided by i-HUB. The students got the exposure about currently undergoing work at i-HUB and future ambitions/goals of i-HUB. Faculty members also visited some start-up founders and had brief discussions regarding their products and novel ideas.

The students and faculty members also visited GUSEC (Gujarat University Startup and Entrepreneurship Council) located in the lush green campus of Gujarat University. The students were shown a lab tour of various labs and provisions provided by GUSEC for startups

in their founding, incubation, and funding level. They also had a brief conversation with startup founders at GUSEC.

The refreshment was provided to students by i-HUB. Overall the visit remained quite informative and productive.

Benefits:

The students gained knowledge of working culture of i-HUB & GUSEC & exposure will be helpful to apply the learning at institute level for a better outcome.
